Web Developer | Full Stack Developer | Programmer

CAREER OBJECTIVE

Dedicated and passionate full-stack developer with a strong background in computer information systems and a deep expertise in programming and artificial intelligence. Earned multiple certifications, including Full-Stack Web Development from Orange Academy and AI & Robotics Training from King Charles Academy. Skilled in HTML, CSS, JavaScript, PHP, MySQL, and Python, with hands-on experience in Flutter for mobile development. A proactive team player with excellent presentation and teaching abilities, capable of simplifying complex concepts and delivering them effectively.

Core Competencies

Software Development	Problem-Solving Ability	Time Management
TeamCollaboration	Project Management	Problem-Solving Ability
Data Analytics Skills	Creativity and Innovation	Attention to Detail

Technical Knowledge

Programming Languages: PHP, Laravel, React, JavaScript, HTML/CSS, Flutter, Python
Database: MySQL, SQL Server, PL/SQL
Operating Systems: Windows
Other Tools: Git (Version Control Systems), MS Office (Word, Excel, PowerPoint), Photoshop, Figma, Trello

Internship & Experience

Orange Coding Academy, Aqaba   December 2024 – May 2025
Intern, Full Stack Web Developer
<u>Work Experiences:</u>

• Developed and maintained full-stack web applications using PHP, MySQL, Laravel, and JavaScript, improving both front-end and back-end functionality.
 • Collaborated on a team project to build an e-commerce platform, enhancing user experience and backend processes through innovative solutions and efficient coding practices.
• Implemented database-driven features, optimizing queries and ensuring secure data handling across various systems.
• Gained practical experience with version control tools like GitHub.
• Worked with technologies such as AJAX, JSON, and APIs.

Ai and Robotics Trainer at   **Aug 2024 – Nov 2025**
Robotna

Work Experiences:

• Trained students in artificial intelligence and robotics, covering both theoretical concepts and practical applications.
• Designed and delivered interactive workshops on programming, automation, and machine learning fundamentals.

- Utilized various educational tools and platforms to enhance learning experiences.

Academic Projects

1) Home Appliances E-Commerce Website:

Description: Developed a fully functional e-commerce platform for selling home appliances. Implemented features like user authentication, product catalog with filters, and secure payment integration.
Technologies Used: PHP, MySQL, JavaScript, Laravel, HTML/CSS

2) Student Management Dashboard:

Description: Created a web-based dashboard to manage student records, including adding, updating, and displaying data. Integrated role-based access and real-time data updates.
Technologies Used: PHP, MySQL, JavaScript, Bootstrap

3) Volunteer & Entrepreneurial Platform (Hackathon Project):

Description: Developed a platform to connect volunteers with entrepreneurial projects. Users can register, join projects, and track their contributions.
Technologies Used: PHP, MySQL, JavaScript, HTML/CSS

4) Portfolio Website:

Description: Designed a responsive personal portfolio to showcase my web development skills and projects. Integrated a content management system for dynamic updates.
Technologies Used: HTML, CSS, JavaScript, PHP

5) Mobile App for Event Management

Description: Built a Flutter mobile app to manage and track events with real-time notifications and updates. Integrated Firebase for user authentication and database management.
Technologies Used: Flutter, Firebase, Dart

6) Inventory Management System

Description: Developed a desktop-based inventory management system for tracking product stock, sales, and purchases. Integrated reporting and stock alert features.
Technologies Used: Python, SQLite

Mohammed Alomari

Education & Credentials

University Of Jordan: **2021 - 2024**

Bachelor's in Computer Information Systems

Grade: 2.6 out of 4

Princess Sumaya University: **2024**

Artificial Intelligence and Machine Learning Course

Orange Coding Academy: **2024 - 2025**

Full Stack Web Devlopment Bootcamp

Personal Information

- **Nationality: Jordanian**
- **Date of Birth: 28 April 2002**
- **Marital Status:** Single
- **Languages**: Arabic and English
