CMS: WordPress.

Soft Skills

Software Development Process Evaluation Performance Review Data Analytics Skills Requirement Analysis	Critical Thinking Problem-Solving Ability Project Management Creativity and Innovation Customer-Centric Approach	Time Management Problem-Solving Ability Effective Communication Attention to Detail Team Collaboration

Experience

Trainee at Coding Academy by Orange   5/2024 – 12/2024
Work Experiences:

Intensive course in Full-Stack Web Development in collaboration with Simplon.co and Princess Sumaya University for Technology (PSUT)

Civil Engineer intern   7/2021-1/2022
Work Experiences:

Visited project sites during construction to monitor progress and consult with contractors and on-site engineers. Prepared and maintained accurate work records and reports using SAP2000. Interacted with state and local agency personnel to ensure compliance with codes and regulations.

Projects

1) Jordanian Election Platform:
 Description: Created a secure online voting platform with candidate registration, live results, and Zoom debates.
Tools: Sequlize Node.js, React, and PostgreSQL.

2) Event Ticketing Web Application
Description: Developed an event ticketing system with PayPal integration, featuring event browsing, booking, and an admin dashboard, using React and Axios.
Tools: React, Hooks, Firebase and Tailwind.
3) Movie Web Application:
Description: Built a movie app with user registration, login, catalogs, detailed pages, reviews, and a responsive design.
Tools: HTML5, CSS and JavaScript
