EXPERIENCE

Quiz APP using HTML CSS JS
Achieved development of an interactive quiz website with responsive design and
dynamic features. Implemented a secure registration and login system for users to
participate in quizzes. Incorporated functionality to compare user-provided
answers with correct responses stored in local storage, enhancing the user
experience.

2 - Services Greenfield Project - Using LARAVEL
create a web application using Laravel, Bootstrap, HTML, CSS, and MySQL. It
allows users to book services or explore volunteer opportunities. Includes user
authentication, admin dashboard, and coherent visual identity

3 - E-Commerce Website - Using PHP as scrum master
create e-commerce using php, Bootstrap, HTML, CSS, and MySQL. It
