Full Stack Web Developer

CAREER OBJECTIVE

I am a passionate Full Stack Web Developer with comprehensive training from Orange Coding Academy, where I completed over 900 hours of technical training and 100 hours of soft skills development. Skilled in JavaScript, C#, SQL, ASP.NET Core Web API, MVC, and Angular, I specialize in building scalable and user-friendly web applications. I have taken on leadership roles such as Scrum Master and Product Owner, contributed to technical peer reviews, and thrive in collaborative team environments. With a Bachelor's Degree in Computer Science from Al al-Bayt University, I am eager to apply my skills in full-stack development to contribute to innovative, real-world projects in a dynamic and growth-oriented team.

Technical Skills

- **Front-End HTML/CSS, JavaScript, Bootstrap, TypeScript, Angular**
- **Back-End: C#, ASP.NET Core MVC, ASP.NET Core API**
- **Database: SQL, SQL Server.**
- **Software Development Practices (SDLC): Scrum, Agile**
- **Other Tools: Visual Studio, Visual Studio Code, Figma, Trello, Git, GitHub**

Soft Skills

- Communication – Effectively collaborate with team members and stakeholders
- Problem Solving – Debugging, troubleshooting, and finding efficient solutions
- Teamwork – Experience working in group projects and Agile teams
- Adaptability – Quick learning and ability to adjust to new technologies
- Time Management – Meeting deadlines, balancing multiple tasks
- Attention to Details – Writing clean and efficient code while reducing errors
- Critical Thinking – Logical decision-making and optimizing performance
- Learning Agility – Keeping up with evolving technologies and best practices
- Creativity – Designing engaging user interfaces and innovative web solutions
- Empathy – Understanding user needs and creating intuitive, user-centric experiences
