Zain Ibrahim

Recent graduate with B.Sc. in mathematics, Data Science qualified program by Orange Coding Academy. I am looking forward to applying for practical data science and data analysis experience and I am able to develop my skills quickly.

Education:

Data Science Course

- Orange Coding Academy
- 2022 - 2023
- *Technical part*: Basic foundational concepts of data algorithms, python data science programming (Data analysis and visualization using Numpy, Scikit-learn, Matplotlib), statistical foundations, machine learning and more.
- *Soft skills*: Communication and Presentation skills, Effective Team Work, Time Management and Self Awareness.

Bachelor's of Science in Mathematics

- GPA: 3.84
- The University of Jordan
- Sep 2018 - Jun 2022

High School Degree

- Total avarege: 92.2
- Al Dur Al Manthour School
- Year of Graduation: 2018

Contact Me:

- Phone number: 0788435400
- Email: zainraedibrahim@gmail.com
- Address: Khalda-Amman

Projects:

1. Telecom Customer Churn Predictive Model Using Machine Learning Algorithms.

2. Scholarly article: On the Total Graph of a Commutative Ring with Unity.

We built Mathematica program which draws the total graph, and 3 main induced subgraphs of it for the ring of integers and the ring of gaussian integers.

Internships:

Math Teacher

- Al Hassad International School
- Sep 2022 - Nov 2022

Volunteer Work:

Team Leader

- Ahl Al-Hemmeh Students Organization
- The Univarsity of Jordan
- Mar 2021 - May 2022

Technical Skills:

- Python.
- Mathematica.
- Microsoft Office: ICDL certified.

Personal Skills:

- Good communication skills.
- Behavioral management.
- Deductive, critical thinking.
- Very responsible.

Languages:

- Arabic.
- English.
