Ola Kanakri

Full Stack Web Developer

Objective

Seeking a position in the field of web development where I can utilize my skills to further work towards personal and professional development and contribute toward the prosperity of the organization.

Projects

GRADUATION PROJECT

IMPLEMENTATION OF ADVANCED ENCRYPTION STANDARD ALGORITHM (AES) USING REAL TIME FPGA BOARD.

Building a fast performance encryption system by making the use of FPGA features in large-scale data processing. We enhance the performance and the speed of AES algorithm and achieve high energy efficiency as possible.
