experience

Agile (Scrum team)
I Got started with the Agile methodology throughout the boot camp i took in web development .

Project Presentation
Developed great presentation skills as I presented 10 of my complete projects in front of a jury simulating the job markets work flow

Working in teams and under Pressure
Due to time-limitations through out an intensive road map of the boot camp, dead lines had to be met critically. I worked with various groups and all that inhanced my working under pressure ability and developed my skills
